SCOTCH PLAINS PUBLIC LIBRARY
1927 BARTLE AVENUE
SCOTCH PLAINS, N.J. 07076
Change. We are all subject to it. It is a constant factor altering and shaping ourselves and our environment. The three years since we seniors first entered this building have witnessed changes in three areas: in the world, in the school, and in ourselves. The following is a reflection of some of the changes during the past three years.
WHEN ROAD IS SNOW COVERED

Entering Scotch Plains
If you are interested in earning extra cash doing something you can be proud of doing, think about joining the U.S. Army Reserve. The 37th Division, headquartered at Camp Kilmer, Edison, is a good training unit with openings now throughout the state in return for 16 hours a month and two weeks of summer training. You'll be paid to learn a skill, experience new things and meet new people.

Under the split training option, you can go to basic training this summer, attend regular reserve meetings during next school year, then go through your advanced training next summer—all with good, steady pay. (Not a bad way to beat the summer job hunt blues.)

There's more. To find out how much more, call

---

**NUCLEAR ENERGY SAVED A BILLION GALLONS OF OIL IN NEW JERSEY LAST YEAR.**

PSEG The Energy People

**The Courier-News**

**Skylab makes a harmless splash**

Political winds may blow ruckers off the highways
The world from 1977 to 1980 saw many changes and we all will feel the effects of the following headliners: the United States' recognition of China, the Egyptian-Israeli Peace Treaty under President Carter, the Guiana Cult Massacre, the birth of the first test tube baby, the deaths of two Popes, the journey of Pope John Paul II, the falling of Skylab, lowered thermostats and rising inflation, long gas lines and short tempers, dwindling fuel supplies and soaring fuel costs, the plight of the boat people, the Three-Mile Island crisis and the resultant No-Nukes rallies, the seizing of the American hostages in Iran, the Russian Invasion of Afghanistan, the controversy over the Moscow Olympics, and the possible reinstatement of registration for the draft.
On a smaller scale but important to us as students are the changes that occurred in our school since 1977: our football field and stadium were named after Dr. Perry Tyson; we beat Westfield, (How Sweet It Was), and our football team came under the direction of a new coach; our band filmed a television commercial; the number of assembly programs was reduced; FANSCOTIAN and DECA won awards; the open lunch program was ended; the drama classroom was converted into an arena theater; some elective courses were dropped because of lack of funds; we received widespread coverage of our campaign to aid the Cambodians; and we survived a Middle States Evaluation.
All these changes, worldwide and schoolwide, influenced our personal development to a greater or lesser degree. We evolved from sophomores to seniors; we grew in our relationships with others; we learned from our teachers, our texts, and ourselves; we developed physically, mentally, socially, and perhaps, spiritually.

WE CHANGED
This 1979-1980 CULMEN is dedicated to our former principal, Dr. Perry H. Tyson with appreciation in recognition of his outstanding contributions to the high school. In light of the theme of "change", it is appropriate that this yearbook be dedicated to Dr. Tyson who was responsible for instituting many significant changes in our school. The proponent of the 4-5 day option for weekly class meetings, he also fostered the expansion of course offerings. In addition, he advocated flexibility regarding independent study time. After his tenure as superintendent, officially assuming the office in 1972, Dr. Tyson ended his career and went into retirement in 1979.

In appreciation for the changes wrought during his years here, we the students of S.P.F.H.S. sincerely dedicate this yearbook to Dr. Tyson.
Organization and cooperation were necessary elements in the functioning of the Administration of S.P.F.H.S. this year. Numerous problems, programs, and changes presented obstacles to the smooth operation of our school. School maintenance, a difficult job at best, grew more difficult with the increase of vandalism in recent years. Enforcement of regulations and policies also became less facile as students exhibited a stronger desire for independence. The administration is dealing with these changes through a concerted effort and increased communication with the students and faculty.
The basic functions of our school could not be effectuated without the hard work of our secretaries. These diligent ladies make appointments, type, and provide assistance of a general nature to students and visitors alike. The material processed through their offices includes interims, applications, pamphlets, transcripts, programs of studies, and the increasingly popular "Senior Highlights." Working papers may be approved through the main office staff as well. These secretaries also help to organize College Night in October and the Parents' Night held in December. The necessary clerical tasks performed by our secretaries are vital to the functioning of our school.
The Guidance Department is comprised of six counselors. In addition to their obvious scheduling duties, the counselors must provide career counseling. This year the number of counselors was reduced from seven to six due to budgetary cut-backs; thus, the workload of the individual counselor has increased this year. In keeping with the changing times, counselors this year have processed an increasing number of applications made by female students for positions once dominated by males. This change is indicative of the developments which challenge the counselor each year.
"Mr. Mason I see your point." James Mason, Robin Brown.
The English Department is an intrinsic part of the school, as English is a mandatory subject. The English Department’s emphasis has shifted over the past few years. Introduction and propagation of elective English courses was the main thrust of the department in 1977 - 1978. Budgetary limitations, however have caused several of these electives to be cancelled.

Teaching the basics of the language, always an integral part of the English program, has been given a new emphasis with the introduction of the Language Arts Scope and Sequence charts which provide the students with a sequential approach to language study from first grade to the senior year.
"Mr. Spring, do you use a Schick?" Carol Lauer, Jeffrey Spring.
The Math Department at SPFHS, under the leadership of Ms. Linda Raymond Levandowski Alvord, is constantly striving to develop strong programs for all students. Computer language is being incorporated with mathematical language to help students better understand the fundamentals of mathematics. There is a challenge to be found in every level and every course.

A Math Foundations program is the newest elective added to the wide range of math classes. The courses are constantly being improved and new ideas are added every year. Many students have decided to integrate calculus with physics and probability/statistics with a research course this year.

The Math Department is considering the four to five day option as a future change. The possibility of the ninth graders at SPFHS would also add many more courses to the department.

ROBERT SIKORA

SCIENCE DEPARTMENT
The Science Department, under the direction of Ms. Pierce, is continuing to fit the needs of the student body. One recent change was the removal of the four-five day option. Also, the classes of astronomy and geology have been changed to meet on alternating years. This move allows students to take the two courses. At the same time, it saves money by increasing the small class. Most recent additions to the Science Department are "Science in the Market Place", a semester course that deals with the testing of consumer products and a "Breakfast Seminar" based on the T.V. series "Connections". This scope of programs presents students with a multitude of choices.
SOCIAL STUDIES DEPARTMENT
The 1979 - 1980 school year has proved to be a major period of "review and assessment" for the Social Studies Department according to Mr. Cancella, the chairperson. Their primary goal has been to augment class studies by promoting extensive use of the Social Studies Learning Resource Center. The department is extremely proud of their resource center. It serves as an extension for classroom activities where, to date, over 700 students a month have used the books, magazines, and newspapers available in the area.
During the past several years the Foreign Language Department has been facing the problem of cutting back. The faculty has lost a third of its members, and enrollment of students has decreased. Classes such as Conversational French have been cut while the remaining classes are becoming more generalized. Often level two and level three students are combined in one class. Despite these setbacks, the Foreign Language Department is optimistic about the future. The main emphasis is on showing the student how foreign language can be a part of his/her life, as more colleges and careers require foreign language.
The Music Department, both vocal and instrumental, is continuing in its tradition of excellence. As in past years, the department offers every willing student a chance to select from varied musical offerings.

The choral program consists of two select choruses, a concert choir, and a barber shop quartet. One major misconception is that to be in the chorus a person must be able to read music and have a solo voice. This is far from true as the chorus welcomes anyone who wishes to sing.

The instrumental department, directed by Mr. Piland and Mr. Turturiello, provide a diversity of program offerings. Such choices include: concert band, wind ensemble, Moonglows, music theory, various technique classes and marching band. The marching band, by far the most popular, enters many competitions and performs at the Night of Music and in the Bandtasia. Because of the band's excellence, it was chosen by Samsonite luggage to do a commercial last year. What made the band happy this year, however, was the acquisition of new uniforms.

As in the past three years, the Art Department's goal has been to provide students with a good visual education. Our world is more visually orientated, making Art an intrinsic part of our lives. The department strengthens each individual's ability to see shapes, colors, details and textures and relate them to his or her life.

2D Design is the foundation for many of the nineteen art courses. From this course, students may move on to composition, painting, portraiture, printmaking, and sculpture. Other areas of study are crafts, ceramics, commercial art, photography, lettering, textiles, weaving, and philosophies of art.

Hence, through various courses, the Art Department offers a wide scope of opportunities to develop an important part of our lives.
HEALTH AND PHYSICAL EDUCATION

LEONARD MECKALAVAGE

The Physical Education Department headed by Mr. Coleman is an integral one in the school. Each student must fulfill the three year Physical Education requirement consisting of two fitness, two individual, and two team sports. This policy has been a long standing one. Over the past three years the thrust has been to extend the range of activities offered. The department has well achieved this goal by offering such courses as aerobics, weight training, and slimnastics.

The department also offers health classes. These consist of sex education, for sophomores, and life cycles, for seniors. There is a new health class, CPR, or cardiopulmonary resuscitation for juniors. This class is to teach a life saving method to counter heart attacks. These classes are required.
The Business Education Department, under chairperson George Esposito, offers a program consisting of multi-business skills. With in-class instruction secretarial work, stenography, shorthand, bookkeeping, computer programming, accounting, and typing are taught. To insure a well-balanced program, on-the-job experiences can be obtained through work programs such as Cooperative Office Education and Distributive Education. This combination of instruction and practical experience provides knowledge for opportunities in business-orientated fields.
NURSES

Although often unrecognized, the nurses provide invaluable services each day at SPFHS. A typical day for one of our nurses might involve administering physicals or ice packs, and performing numerous tests on eyes and ears. In order to insure the students' health, such tests and physicals are given regularly. Recently, the nurses have augmented their services to assist the SGA with its annual blood bank. Scoliosis screening is also one of their new duties.

HOME ECONOMICS DEPARTMENT

To most students, Home Economics is a cooking class. However, the Home Economics Department offers much more. There are sewing, family and home management, child development, and consumerism classes, as well as those cooking classes. A new course, Consumer Education, was added last year and is taught jointly with the Business Education Department.
SPECIAL, INDUSTRIAL AND CAREER EDUCATION

STEPHEN Barna

VITO CUPOLI

EDITH LEHR

CHARLES WILKINS

MAEDELLE HORTON

CHRISTINA KLUNDER

MICHAEL LAUTEN
Over the past three years the Industrial Arts Department has extended its curriculum to meet the needs of its increasingly varied enrollment. In addition to the standard wood and metal working classes, drafting, auto shop, and employment orientation, as well as the innovative Cooperative Industrial Education program, two new courses have been introduced according to Department chairperson, Mr. Lauten. These are Career Development and Home Repair and Maintenance, non-vocational alternative curricula. The most recent change in the department is the addition of a seventh staff member, Mr. Steven Barna.

"Is this what they're serving for lunch today?"
Vito Cupoli
The Media Center, under the direction of Mr. Tuttle, is one of the most valuable resources that SPFHS possesses. It has seen a variety of changes over the years: the most significant of these has been the renovation of some of our independent study areas. The study areas provide a large assortment of materials to aid students in many fields of study. In addition, the Media Center has recently acquired a new department, IMC, or Instructional Media Center, which is responsible for storing and repairing audio-visual equipment for the entire school district.

CIT, or Center for Instructional Technology, headed by Frank Maleski, is a student course worth one credit per year. The students learn graphic, photographic, and studio skills one period a week. The students also have a CIT homeroom, from which they provide delivery service, which includes delivering TV's, projectors, and other audio-visual equipment.

Data Processing's primary function is to manage students' records. These records include schedules, report cards, and attendance. Schedules are arranged from February through September; course rosters are tailored for the students, and teacher assignments are allocated. Class rank and honor roll are also computed. Attendance is handled for the Junior Highs, and this year, Data Processing has assumed the attendance management of the elementary schools.
The kitchen staff is responsible for keeping the cafeteria running smoothly. Every day these dedicated workers take on a number of duties that range from actually preparing our meals to keeping the kitchen clean and orderly. A major chore for the staff is cleaning up the lunch rooms after lunch.

The maintenance men are a vital part of the school, as they perform many necessary duties to keep the school running. They clean the building both inside and out, and also maintain the facilities, as well as the fields. This includes mowing the lawn, cleaning the cafeterias and the bathrooms, fixing the thermostats and the lighting, as well as keeping the school in running order.

Above: "Dreams of leaving chemistry classes behind." Melvin Jones.

Right: "Hello is anyone there???" Geoff Marshall.
"All our closing years of childhood, we have spent them here.‘‘ We, the class of 1980, have left behind the carefree seventies and entered a decade filled with new dreams and potential. Ever since our first day at S.P.F.H.S., we had been looking forward to our senior year, but the days passed by all too quickly. Memories of the activities and changes that have occurred come to mind often.

In June, 1977, we left our safe spots at Park and Terrill. The southside met the northside for the first time and we became united. We were the sophomore class. Stumbling through the halls with our eyes glued to our maps, sitting patiently through orientation, being the last to pick a gym class, and our first high school party made our sophomore year memorable. Our class officer, Tricia DeVito, Cindy Smith, and Beth Cournoyer organized class trips to Great Adventure and Vernon Valley. The biggest event of the year was Homecoming 77’. Our class float, “the Wizard of Oz” was chosen the most colorful float. We began to feel the togetherness of the class of 1980.

As juniors, we realized that this was the year that counted. We suffered through PSAT’s, Chemistry, role playing, and premature senioritis. We elected Tricia president once again. Our vice-president and secretary were Ruth Crivelli and Kristy Lynch this year. They led us on class trips to Great Adventure, skiing, and our first slave auction. Students ran through the halls wearing T-shirts that proclaimed “How Sweet It Is’’-Scotch Plains 11, Westfield 7. We had finally beaten the Westfield football team. That wasn’t enough, though: soccer, gymnastics, field hockey, and the college bowl followed, with Scotch Plains leading the way. Homecoming brought us another award. Hard work made our float, “Dracula”, the best float that year. The best was yet to come, though. Our prom, “Follow You, Follow Me”, was held at the Coachman Inn. We proved “We’re the best, that’s no maybe, we are the class of 1980” by producing the biggest junior prom in S.P.F.H.S.’s history. We watched the seniors of 79’ walk off the football field and for the first time felt the sensation of being a full-fledged senior. We had made it!

As seniors, we were determined to make the most of our last year at S.P.F.H.S. We became involved in many clubs and activities. Our class officer, Ruth Crivelli, Chip Kane, and Randi Strudler began planning fundraisers for our class early in the year. Students walked the halls selling hats, T-shirts, and wrapping paper to help cut down the cost of our prom. The Middle States Evaluation Committee came early in the year to ‘‘evaluate’’ us. Little things made us stop and think - Homecoming, our last football game, exchanging senior pictures, class trips, college boards, the slave auction, our senior talent show, and our “senior only” parties. Senior year was only half over and college applications, future jobs, taking on the responsibilities of being 18, and having the opportunity to vote in the next presidential election made us look ahead, but only for a moment. The senior prom, held at the Governor Morris Inn brought us back to reality. Everyone smiled and exchanged light-hearted goodbyes as we parted from our last dance, knowing graduation would only be a few days away. Looking at the juniors and sophomores so anxious to take our places we knew the year had come to an end. Our childhood days are gone forever, but the memories of friends and days at good old Scotch Plains Fanwood High will never be forgotten.

IN MEMORIAM

Joseph Person
1961-1979

In one sense there is no death. The life of a soul on earth lasts beyond his departure. You will always feel that life touching yours, that voice speaking to you, that spirit looking out of other eyes, talking to you in the familiar things he touched, worked with, loved as familiar friends. He lives on in your life and in the lives of all others that knew him.

-Angelo Patri

The Raiders opened the 1979 football season with a new coach, Joseph Ascolese, and new hope for a successful season. Mr. Ascolese as well as the captain Triumverate Tom Kilgannon, Reggie Hammonds, and Dennis Vuono, were all anticipating the season with optimism planning to emphasize offense, rather than the traditional defensive posture. The team worked hard and practiced daily after school from 3:00-6:00 p.m. But the schedule was tough, the competition highly ranked, and the Raiders saw the end of the season with a 2-7 record. Though this was a disappointment, it in no way reflected the effort of play put into the games. The 1979 Raiders had speed and strength, and an enthusiasm that generated the spirit of their fans.
The soccer team performed their best ever, with a final 15-6 mark. Kicking goal after goal, they became our first team ever to reach the state sectional finals. Leading the team along with Coach Tom Breznitsky were tri-captains, Joe DiFrancesco, John Morris, and Ed O'Donnell. Unfortunately, the team lost the North Jersey Section II Group IV soccer final to Columbia by a score of 2 to 1. But this did not detract from a season generally marked by success.
Ian Baxter and Ed O’Donnell.

Robin Degan illustrates her backhand style.
"Dedicated," "enthusiastic," and "spirited" are all terms that describe this year's Girls' Tennis Team. Led by coach Sue Allen and senior Co-captains Lisa Brody and Heidi Siegel, the team had an outstanding season with a 9-3 record.

Practices held at LaGrande and Green Forest Parks proved worthwhile as the team placed second over-all in the county. individually, team members Shiela Nies, playing first singles advanced to the quarter finals, and Cara Agran, playing second singles placed second in the finals. Debbie Mawby, this year's M.V.P., placed third in the finals in the third singles category.

Off the court the team worked hard selling candles to raise money for their jackets and uniforms. Culminating the season was a party in which all senior players received roses.

Hopes are high for next year, as many of the players were students who will be returning to the team next year.
"Band on the Run..." Seniors Kevin Schmaltz and Lonnie Faulk.

Plainfield Coach and Raider Coach Thomas confer on running techniques.

"Go for it!" Junior Paul Sieczka.

This year's cross country team, coached by Mr. Thomas, was composed of 12 boys and 2 girls. This year's captain and M.V.P., Paul Sieczka, headed the team to its final record of 2-11. In each meet its members ran along Warinanco Park's scenic course: across the field, over the bridge, around the lake, and up the hill. The running of this 5,000 metre course requires great perseverance and stamina. Practices consisted of running approximately five to ten miles after school. Meets occurred during the week and championships were held over the weekend. Much time had to be devoted to practice in order to excel in this sport of self-discipline. Each member should be commended for his efforts.

Dave Freund and Don McLaughlin.
FIELD HOCKEY

"LUNGE!" Cathy Giza, Sue Kohlenberger.

Terry O'Shea, Lisa Parrelli, Robin Quilban.
The S.P.F.H.S. Raiders fought many a spirited battle on the girls' hockey field. The team was led by the coaches, Ms. Connell and Ms. Kling. The season was a very rough one on the twenty-four girls. The co-captains, Lisa Wanzor and Joan Bishop carried the team through to an honorable season. Although Junior Varsity outdid Varsity in their overall record, Varsity scored some outstanding victories of spirit. An exciting game against our undefeated, number one rival, Westfield, was climaxed when, after thirty-three shots on goal, attendant Lisa Wanzor had a disappointing loss in the final seconds of the game.

The two teams were strongly united in spirit with a feeling of unity which has never wavered. Both teams anticipate next year with determination.

Top right: "Ann Lacarrubba as the Leaning Tower of Piza."
Right: Judi Dinizio practices for the Sectionals.
Below: Gymnastic team members discuss their routines.
The gymnastics team’s practice, under Coach Lauer, paid off with a record of 10-5-1. Named Watchung Conference Co-Champions, the gymnastic team also placed fourth in Union County led by captain Beth Link and Co-captain Lisa Dillon. The team’s average was 80 out of a possible 100, which is a very respectable placing in a meet. This is also commendable in that the rules and regulations for different events have been made more stringent so that higher standards of performance are required. Judi Dinizio, whose all-around abilities enabled her to qualify for Sectionals, proved to be a promising member of the team.
1980 - A whole new decade, and with it came a new breed of Raiders, athletes and fans. These new
Raiders were different from any that came before them because their spirit on the playing fields was
matched by the spirit generated from the bleachers.

The athletes, always striving for perfection, worked together to achieve that one, sometimes elusive,
goal - THE WIN. Through hours of grueling practice, they acquired a special kind of determination that
can only be found in dedicated athletes.

The fans, too, were different; their enthusiasm seemed unlimited as they came out faithfully in all kinds
of weather to encourage their teams. Of course, their hope was that the Raiders would emerge
victorious. Yet, even when victory was not within reach, the Raider spirit could not be suppressed. The
crowds’ thunderous cheers could be heard until the last seconds, urging the team on.

Finally, when the seasons were over, the Raiders of the new decade, were left with a true sense of
pride, for we had put forth our best efforts and enjoyed ourselves no matter what the outcome of the
game.

This year's basketball team had a rough season. A bad case of the flu had Coach Lee in bed for the first few games, and numerous injuries contributed to this season's losing record. Captains Gerald Finney and Reggie Hammonds kept the team's spirit up, though, and the boys provided many exciting games for their fans. Especially memorable was the team's first win over rival Westfield at home.

S.P.F.H.S.'s newest addition to the "Cheering Squad": Paul Read, Craig Kanouse, Frank DeFellipo, Stuart Santoro, Jim Valley, Jordan Scher
Wrestling, is an individual, as well as a team sport. Members compete on a one-to-one basis; yet the team's record is viewed as a whole, reflecting the individual wrestlers' aggregate scores. The team, itself, practices every day after school. On the average, two matches are held a week. In late winter and early spring, qualifying wrestler, guided by Coach Zanowicz and assistant coach, Mr. Sochan, competed in District, Region, and Final State Champion Tournaments held respectively, March 7, 8, 14, 15, 21, 22. As the tournaments progressed, the competition became more difficult and only the most skillful were able to compete in the State Championship Tournaments. One of the most outstanding wrestlers on the team was John Mineo, a Co-captain along with Jim Valley. As a member of the team for three years he has been the Union County and Seton Hall Tournament Champion three times, and in his sophomore year he was third in the region.

Above: Russ Wachterhauzer and Frank Mineo.

Above: Lisa Dillon steals the ball away from the opponent.
Below: Lisa Wanzor sets up for a "Mack Attack".
The Girls’ Varsity Basketball Team, under the leadership of Ms. Pantano and Ms. Lelwica, had one of the best records in S.P.F.H.S.’s history. Three out of the five starters were seniors who have been starting since their sophomore year. These girls, Janice Grant, Lisa Wanzor, and Lisa Dillon, have developed their skills so well over the past three years that they have become three of the best female basketball players in the area.

Separate practices were held for Junior Varsity and Varsity teams when room was available in any one of the gyms. The teams practiced six days a week in two shifts: 2:30 to 4:30 and 4:30 to 6:15.

Besides being together at practice, a few of the members attended a Gems game during the school year; the girls also attended a Progressive Dinner.

Team co-captains were Lisa Wanzor and Sylvia Mack.
"Runners take your marks . . . set . . . GO!" Mike Towle, Bruce Fenska.

Above: Gabi Czaja warming up for an upcoming race. Below: Kevin Schmaltz, Paul Sieczka.
Coached by Mr. Spring, the 1979-80 Track Team ended its season successfully with a 2 to 1 record. The S.P.F.H.S. Track Team was ranked fifth out of eighteen county teams. In addition, six members of the team went on to participate in the State Track Meet. Those athletes were Mike Towle, Gabi Czaja, Tony Davis, Andy Paterson, Kevin Schmaltz, and Paul Sieczka. Of the six, the first three members advanced to the semi-finals. But it was the female member of the team, Gabi Czaja, who ultimately made it to the finals, capturing twelfth place in the state.

Victory is only a hop, skip, and jump away for sophomore Tony Davis.
Within the seventeen member of the 1979-80 Varsity Bowling Team there was a noticeable change in the gender of its members. Out of the seventeen bowlers, six of them were female.

Meeting with Mr. Mason twice a week after school, the team under Co-captains, Geoff Marshall and Diane Pedicini, would proceed to Clark Lanes for practice. In each game there are three matches. On the average, the team won two out of three matches. So, by the end of the season, the 1979-80 school year had proved to be a good one for the team.
The Varsity Cheerleaders led by Co-captains Patti Siebert and Diane Pedicini promoted school spirit at S.P.F.H.S.'s home and away athletic events. Practices under Miss Stollen's direction were held over the summer and everyday after school. They provided new routines and pyramids for the girls to perform. Also new this year was the addition of cheering for the girls' basketball finals. Members of this year's cheerleading squad helped raise money for the decorations they put up in the halls by selling candles and holding baking sales.

At all Junior Varsity football and basketball games, the J.V. Cheerleaders supported the Raiders. This year's captain was Ann Curch. Although there were no returning squad members, the J.V. squad worked hard to create new cheers.

CULMEN '80

The Culmen consists of a dedicated staff of twenty-five students who write, photograph, and lay out the entire yearbook. In addition, they work diligently throughout the school year to raise money for its publication. The staff, which is selected in the spring, begins work immediately, choosing a central theme to write the book.

The Culmen conducts its meetings in its homeroom and has its workdays after school in the Culmen office. Meeting a deadline often means weekend work seminars.

The Culmen is a unique organization in that it entails many talents: artists, photographers, business managers, and writers, all working to produce a book which they feel will accurately reflect our years at SPFHS.

The Fanscotian, our weekly school paper, is comprised of a staff of thirty-five members. The Fanscotian is a rarity in its category as a weekly publication, as very few schools have newspapers that arrive as often, are as thorough, or are as well-written. In the past three years, the Fanscotian has won honors and awards for excellence, held collectively by the publication and individually by staff members.

The Fanscotian staff, which meets every day tenth period also participates in fund raisers, as budgetary support has not been sufficient to insure weekly publication. These fund raisers include paper drives and candy sales.
American Field Service

Advisors: Richard Call and Muriel Thatcher
President: Mimi Warren
Chairman of Finance: Michael Coronella
Chairman of Programs: Mary Garrison
Chairman of Communications: Donna Sanguiliano

American Field Service is an organization which provides our students with a chance to visit other countries and to let students from other countries come here. It also provides an exchange with students across America. In addition to the exchange service, there are two trips available to club members that provide a chance to spend several days in another state.

Meetings are held every two to three weeks in addition to one monthly meeting, at which a presentation is made by students or teachers about a country they visited. A.F.S. plans the International Weekend, during which twenty students from other countries appear in a school assembly. Other activities include discussions, a trip to New York City, and a Halloween party.
When a group or a club would like to present an assembly program, it makes its request to the assembly committee. If the committee approves this request, the program is added to the assembly schedule. This schedule is determined at meetings which are held once a week. In addition to this duty, the committee is responsible for the seating arrangements at both assemblies. It also leads the student body in the flag salute, before each assembly.
The Black Student Union was instituted to heighten an awareness of black culture, needs, and concerns both in school and in the community. This year the club welcomed a new advisor, Mrs. Horton. Meetings were held once a month after school for discussion and also for planning club fundraisers. This year these fundraisers included bake sales at basketball games, morning coffee and donut sales, and a disco dance held in April. The proceeds from these activities will provide scholarships for two deserving seniors.

Above: Rosalind Johnson selling donuts for B.S.U. fund raiser.
**BIBLE CLUB**

Advisor: Charles Armerding  
President: James Park  
Vice-President: Jeff Pate

The Bible Club meets every morning before school for Christian Fellowship and discussion. Members talk about problems and concerns that students are faced with from day to day, and how the Bible can be a source of comfort and guidance in solving these problems. The club has a relaxed atmosphere in which students can express their feelings openly, learning about themselves and the ways that the Bible can benefit their lives.

This year the Bible Club sponsored a breakfast in an attempt to familiarize students with the club and its purpose.
The Chess Club was organized to give interested students the opportunity to practice and sharpen their chess playing skills. The club, which consists of twenty-three members, meets in the Science Independent Study Area after school on Thursdays. One of the primary activities of the Chess Club is their annual tournament to determine who is the top chess player in the high school.
The 1979 - 1980 school year was an important year for this year’s Drama Club. In December, a newly built Arena Theatre was opened with the production of “Barefoot in the Park.” The play, which ran for two consecutive weekends to sellout crowds, was also performed at two special matinees.

Members of the club were kept busy with the productions of The Gong Show and the Drama Festival. The club also held monthly meetings at which members performed, listened to guest speakers, and exercised their abilities in the theatrical arts.
Repertory Theatre, now in its fourth year has seen many recent changes. Not only does it have a new advisor, Dave Multer, but it also boasts an increasing membership list, lending to the success of this year’s show, “The Pajama Game.”

The club was originally formed so that students interested in the theatre arts could work in a unique way, independent of faculty direction. The club members are responsible for every aspect of their annual production: performances, choreography, set design and construction, even directing. By doing all the work themselves, members learn the discipline and dedication required to present a musical.

Left: “Lois, I told you that’s not how you memorize your lines.”
Lois Schulmann, Mary Allison Elston
DECA

Advisor: Mr. Donald Cababe
President: Bill Mitchell
Vice President: Bruce Calcagno

Distributive Education Clubs of America give students an opportunity to prepare themselves for the world of work while in high school. This is done primarily through a work program in which the students attend high school for a half day and work the rest of the time. In addition, the students can participate in running the school store, enabling them to gain work experiences while pursuing their vocational interests. The classes, which meet four times a week, earn a total of fourteen credits.
The Muse, the school's literary art magazine, is published in May of each year. It contains short stories, poems, essays, photos, and drawings submitted by students of the high school. The Muse staff, which consists of about twenty-five students, selects pieces which are presented to them anonymously. The piece is then read or viewed for publication. All students are invited to submit their creative work for publication whether or not they are members of the Muse staff.
F.B.L.A.

Advisor: Francis DeSalvo
State President: Maria Palumbo
President: Caroline Maragni
Vice-President: Tammy Magnus
Secretary: Jennifer Walker
Treasurer: Maria Palumbo

The purpose of the F.B.L.A. is to promote leadership development and allow students to experience the business world firsthand. Students enter statewide competitions to vie in such business-related areas as typing, stenography, public speaking, and advertising. Club meetings are held every two weeks.

This year the FBLA sold candy to raise money. Also a Bowl-A-Thon for the Arthritis Foundation was held in November at which the FBLA members raised $260.00. State President Maria Palumbo and Bowl-A-Thon chairperson Rosalind Johnson presented the check to the foundation at a televised telethon in February.

Above: Maria Palumbo and Ms. DeSalvo discuss F.B.L.A. plans.

KEY CLUB

Advisor: Thomas Breznitsky
President: John Keller
Vice-President: Micheal Keller
Treasurer: Rose Chemidlin
Secretary: Karen Landon

The Key Club, winner of this year's Most Colorful Float Award at Homecoming, is a service-oriented club. The members sold cookies this year, the proceeds of which will go to charity. The club donated canned foods to the needy at Thanksgiving and Christmas. A trip to Great Adventure was a highlight of the club's social calendar. The Key Club is an active community club which works closely with other groups. On Saturdays the Key Club assists in recycling cans, bottles, and newspapers at the Fanwood train station. In addition, the club works closely with the Kiwanis Club to help the needy.

Above: "I want to suck your blood." Karen Landon, John Keller.
To sophomores in September, the high school seems massive with an endless maze of hallways and staircases. To enable the sophomores to feel more at ease in their new surroundings, the Sophomore Orientation Committee introduces them to the various independent study areas located in the school. The committee members also familiarize students with the numerous rules and activities of the school.

Each year the Sophomore Orientation Committee holds two organizational meetings prior to visiting with junior high school students in May. The primary purpose of these visits is to prepare the upcoming sophomores for the high school in such matters as course selection.

In September the committee distributes passports to sophomore homerooms, and arranges speakers for the sophomores in mandatory study. The committee also sets up bulletin boards, and organizes the "senior-sophomore sister" program.

Above: "Remember when we were sophomores?" Tricia DeVito

Advisor: Ms. Jaskot
Italian Club

Advisor: Joann Kascur
President: Keith Mason

The Italian Club provides interested students with a background about Italian culture and customs. In its second year of existence, the club has sponsored bake sales, trips to Little Italy in Brooklyn, and a Christmas party. Meetings are not held on a regular basis, but whenever necessary to discuss plans for new activities.
The French National Honor Society is an organization of students interested in furthering their knowledge of the culture and language of France. The size of the 1979-1980 club is smaller than in previous years, indicative of the general decline of intensive foreign language study as an elective in the high school. Despite this, the club provides diversity in its approach to the study of the French language and culture.

Bi-weekly meetings are held after school in the Foreign Language Independent Study Area. The club holds internal fieldtrips with slides and talks by members who have traveled in France and elsewhere abroad; they also view examples of French cinema in addition to sponsoring fund-raisers for their annual scholarships.
Above: Glen has a few pointers for Keith, Glen Dumont and Keith Mason

SPANISH NATIONAL HONOR SOCIETY

Advisor: Adrianna Tous
President: Keith Mason
Secretary: Glen Dumont
Treasurer: Tom Dietrech

The Spanish National Honor Society gives superior Spanish students a chance to receive recognition for their achievements. In addition, the club familiarizes its members with the Spanish culture, hoping to extend that interest beyond the classroom. Meetings are held once a month after school. Among the activities the club offers are attending Spanish plays, visiting a Spanish restaurant, and participating in Spanish-related activities in the area.

MODERN DANCE

Advisor: Diane Panko

The twenty-six member Modern Dance Company for this year of 1979 - 1980 is a multi-faceted group. Under the direction of gym teacher Mrs. Diane Panko, the girls explore, create, and experience movement in the form of dance. To coalesce these objectives they meet weekly on Monday nights, from 7:00 to 9:00. While perfecting their craft, members of the company give numerous performances at the neighboring junior highs and elsewhere. In addition, they attend various cultural performances themselves. An original production is also staged annually at S.P.F.H.S. in the spring. The company has also enjoyed great success in the past three years in their performances in New York City.
The Student Government Association is a body of students, elected by students, for the students. Along with the Human Relations Council, the SGA exists to handle complaints, provide a go-between among students and administration, and plan student events. The SGA provides the Profiles folders at the beginning of the year, and is responsible for such activities as Homecoming, Carnation Day, College Bowl, and Button Sales.

Not all SGA plans are for fun; however. The SGA met this year with members of the Middle States Evaluations Committee, and attended many leadership conferences throughout New Jersey.

The officials meet every morning during first period to discuss new events, proposals, and problems regarding SPFHS. Meetings with homeroom senators are held twice monthly. The Open Meeting for all students held in November provoked keen student interest in such areas as conditions in the cafeteria and new attendance policies.

Above: "Let's call this meeting to order." Geri Marvosa, Debbie Sullivan, Robin Deegan.

The Social Studies Club is a newly formed group this school year instituted to afford students a chance to discuss and debate current world affairs. A lecture on nuclear energy and debates on the loan crisis have been among their activities. Meetings are held after school in the History Independent Study Area tri-weekly.
Las Cantadoras, an all-girls' select choir, consists of some of the school's best girls' voices. There are four choral parts: first and second soprano, and first and second alto. The primary type of music Las Can sings is acappella, or without accompaniment by musical instruments.

Las Can sings in Christmas and spring concerts, and in assemblies for the students. This year they also gave a concert for the Masonic Temple.
The Select Chorus, under the direction of Mr. Brown, is a special group of students chosen for their outstanding musical abilities. Auditions for the Select Chorus are held at the beginning of the school year. All those chosen must previously have been members of the Concert Choir.

Although most of these students have had musical training, every member works diligently to improve his or her talent. This year, the Select Chorus performed in the annual Holiday and Spring Concerts. They also presented a show for the junior high schools.
This year, the Concert Choir performed five concerts: a Holiday Concert in December, a Night of Music in March, and a final Spring Concert. Also in December, for the first time, the choir performed for the Scotchwood Square Club, and in January for Terrill and Park Junior High Schools.

Besides practicing during scheduled classes, the members of the choir attend Wednesday morning rehearsals, beginning at 7:15 AM, weeks before a concert.

In this year’s Concert Choir there are approximately 60 members of which 37 will be graduating.
CONCERT BAND

Director: Marvin Piland

The Concert Band is a transformational group whose members learn the elements of fine musicianship. Comprised primarily of sophomores and juniors, the Concert Band prepares students for higher levels of music. All students learn to improve their playing faculties. The general difficulty of music ranges from grades three to five. The Concert Band performs continually with the excellence that is present in the entire music department.
MARCHING BAND

Director: Marvin Piland
President: Phil Donnelly
Drum Major: Paul Cozza
Drum Majorette: Laura Pierce

The Marching Band at SPFHS is a highly visible, vital factor of the school. The Band affords students the chance to work within a structured musical program, play their instruments, and compete on both the state and national level. It also generates spirit within the school and the community by its contribution to athletic events and parades.

The Band meets daily to practice at 7:00 AM during the football season. It also practices prior to competitions. Proceeds from fruit sales held by the band are used to finance trips to future competitions and to pay for the new uniforms the band received this year.
HONOR GUARD

Captain: James Dellisanti
Lieutenant: David Rodriguez

Consisting of four members, the Honor Guard holds the American and state flags during the National Anthem prior to football games. Captained by Jim Dellisanti, two members carry guns while the remaining two carry the flags. The members also work hard in preparing their own half time routine which consists of a gun-twirling show.

Above: “Hup, hup, ready, ho!” Paul Cozza
Below: The Band demonstrates its excellence at the half time performance.
MOONGLOWERS

Director: Vincent Turturiello

The Moonglowers, under the direction of Mr. Turturiello, is a dynamic group of musicians. This ensemble is composed of saxophones, trombones, piano, trumpets, guitars, and drums. If you are interested in jazz, this is the band to listen to. Music from the 40's, all the way to current hits are played. All of the approximately twenty members were required to audition for positions in the group.

The Moonglowers' first performance of the year is an assembly in which the most current music is played. Next follows the PTA dance at which the 40's come alive. Once again the 40's are heard at the Nite of Music. The Moonglowers also attend a jazz clinic, beauty pageant, and band competition, all of which contribute to a diverse and busy year.
Each year adept instrumentalists are selected to perform in the Wind Ensemble. This year's ensemble consisted of approximately sixty members. In addition to presenting two annual concerts, the Pops Concert and Bantasia, the musicians performed in Wildwood in a band competition. The members of this band prepare for these performances by attending weekly instrumental lessons with Mr. Piland.

Left: "Is this supposed to be a duet?" Juliann Wening, John Starkie
Below: J. McKinney, J. Silverman
Ask someone what type of music an orchestra plays, and he may say "classical." This is only partly true. At SPFHS, both current and classical music are played by the orchestra in an attempt to expand its program. The orchestra not only performs at the high school. It has traveled to various elementary schools and to the junior highs. It also travels with the music department in the annual competition. An increasingly larger number of students has joined this combination of strings, brass, piano, and drums.
The Flag Squad is a group of twenty-five girls who lend spirit and verve to many school activities with their snappy routines. Chosen in the spring, they practice every day after school. The Squad is an especially important part of the half-time spectacle at football games, adding color and movement. In addition, the Flag Squad participates in numerous competitions, including the annual Columbus Day Parade in New York City.
Above: Twirlers smile over Raider victory. Carole Beisser, Melissa Colligas, Lori Calabrese, Cathy Reilly, Karen Zyla

Advisor: Marie Davie
Co-Captains: Kathy Reilly and Lori Calibrese

TWIRLERS

Daily practice for the twirlers has paid off, as they are now defending state champions. A component of the marching band, the twirlers received new uniforms at the end of the 1979 season. Also over the past year, a demerit system has been instituted by the captains, to help keep up the standards of excellence. In view of this, the twirlers have gone beyond the promotion of school spirit; they have also twirled for handicapped children and also intend to give lessons to hospitalized children.
COLOR GUARD

Advisor: Geraldine Ascolese
Captain: Wendy Lestarchick
Co - Captains: Kathy Lynch and Sue Soprano

The girls of the SPFHS Color Guard practice every day with their rifles to routines set to music. The squad performs at games throughout the fall and spring seasons. The Color Guard also performs in the local Memorial Day Parades and the Columbus Day Parade in New York City, along with competing in the State Band Competition. To raise funds for these trips, the Color Guard holds garage sales and car washes.

Above: Statue of Liberty revisited. Janet Gomes
The four mascots this year are Ruth Crivelli, Tricia DeVito, Terry Deschenes, and Lois Schulman. These mascots helped promote school spirit at all the football games. They added color to the opening of the football games by constructing clever teepees for the football players to run through. They also participated in the Columbus Day parade. This year the squad sported new uniforms which they made themselves.
W.S.P.F.

Director: Francis Maleski

WSPF is the school's own radio station. This club provides students a chance to work with broadcasting equipment, and to have the experience of being "on the air." Also in charge of reading announcements, these students meet every morning in their own homeroom.

C.I.T.

Advisor: Frank Maleski

Center for Instructional Technology is an important and necessary part of our school. It has many responsibilities in operating and maintaining our audio-visual equipment. C.I.T. records television programs on the video tapes which are often used as learning material for classes. The C.I.T. issues all audio-visual equipment to teachers.

To be a member of C.I.T., students must attend a class once a week. In this class one learns such skills as the operation of equipment and the use of graphics. Graphic skills are used in printing programs and schedules. The repair of equipment is another skill acquired from the class experience.

STAGE CREW

Advisor: Douglas Hooper
Officers: William Brenner, James Streeter

The Stage Crew is an important group because without them, the show cannot go on. From the opening curtain to the close of the program, they are in charge of moving sets and controlling lighting. They also enhance the quality of the programs by special audio and visual effects. Meetings are held prior to each performance to arrange the backstage technical aspects of the show.

T.V. CREW

Advisor: Frank Maleski

The T.V. crew is the part of C.I.T. which deals with the school's television services. They deliver T.V.s to classrooms, and then set up the tape and monitor the equipment while the tape is running. The crew is also responsible for maintaining equipment and cleaning the tapes. In addition, the crew works to correct difficulties in video transmission.

ASTRONOMY CLUB

Advisor: John Kenderdine
President: Steven Mecca
Secretary: Eric Smith

Although small in number, the astronomy club has accomplished a great feat this year. The club members worked hard to modify the mount on the school's ten inch telescope, a job which done professionally would have cost hundreds of dollars.

The club has discussion meetings after school, along with weekly observation meetings. One of the club's unique activities is astro-photography, by which pictures of the stars are taken through a telescope.

Ooops. My halo fell off! Steve Mecca

Mr. Kenderdine, R. Price, S. Mecca, C. O'Loughlin, W. Huang, A. Gerus, E. Smith
As our time at S.P.F.H.S. comes to a close, we look with anticipation toward the coming years. Yet our years spent here will remain part of our past, for it is this past that molds our future.
FROM OUR FIRST DAY IN THE HALLS WE BEGANN TO LEARN ABOUT OURSELVES. THERE EXISTED A CONTINUOUS TESTING OF OUR ABILITIES AND DESIRES. THIS TESTING SHAPED OUR VALUES AND FORMED OUR PERSONALITIES. TESTING OCCURRED IN EVERYDAY EXPERIENCES. PARTICIPATION IN ACADEMIC AND SOCIAL ACTIVITIES REFLECTED OUR TRUE NATURES AS WE CONTINUED TO UNDERSTAND OURSELVES.
AS OUR TIME AT S.P.F.H.S. COMES TO A CLOSE, WE LOOK WITH ANTICIPATION TOWARD THE COMING YEARS. YET OUR YEARS SPENT HERE WILL REMAIN PART OF OUR PAST, FOR IT IS THIS PAST THAT MOLDS OUR FUTURE.
FROM OUR FIRST DAY IN THE HALLS WE BEGAN TO LEARN ABOUT OURSELVES. THERE EXISTED A CONTINUOUS TESTING OF OUR ABILITIES AND DESIRES. THIS TESTING SHAPED OUR VALUES AND FORMED OUR PERSONALITIES. TESTING OCCURRED IN EVERYDAY EXPERIENCES. PARTICIPATION IN ACADEMIC AND SOCIAL ACTIVITIES REFLECTED OUR TRUE NATURES AS WE CONTINUED TO UNDERSTAND OURSELVES.
WHILE TRYING TO UNFOLD OUR INNER PERSONALITIES WE FOUND THAT OUR SCHOOL YEARS WERE THE TIME WHEN WE REACHED OUT AND DARED TO BE OURSELVES. AT SOME TIME IN OUR YEARS SPENT HERE WE HAVE FOUND THE PLACES WHERE WE WERE MOST APT TO BE OURSELVES. WITHIN THESE PLACES WE HAVE FOUND THE SECURITY WHICH ALLOWS US TO BE UNIQUE.
THOUGH CERTAIN MOMENTS OF OUR SCHOOL LIVES SEEMED LONG AT TIMES, ENTAILING RESPONSIBILITIES, SUDDENLY THERE EMERGED A FEELING OF NEWNESS IN OUR THOUGHTS, ONE THAT HAS EVOLVED FROM BOTH GRADUAL AND RAPID CHANGES.
SORTING THROUGH THE INFORMATION GAINED FROM OUR COURSES WE SOUGHT THE WISDOM WE WILL NEED TO REALIZE OUR FUTURE GOALS. WITH OUR TEACHERS, OUR TEXTS, AND OUR FELLOW STUDENTS AS SOURCES, WE WERE EXPOSED TO A WEALTH OF THE WORLD'S KNOWLEDGE. SOMETIMES OUR STUDIES WERE TEDIOUS, MOST TIMES REWARDING, BUT THEY WERE PREPARING US FOR THE PART OF OUR LIVES THAT LAY AHEAD. WE ARE GRATEFUL TO S.P.F.H.S. FOR ITS BEING A SOURCE OF LEARNING EXPERIENCES WHICH HAVE HELPED US TO GROW.
Among the forces affecting our lives was the increasing importance of our friends. Our friends were as influential in our personal development as other factors. It was in our friendships that we immersed our time, in those relationships that we discovered ourselves.
WHEN WE SUMMON UP REMEMBRANCES OF PAST EVENTS, WE REALIZE THAT OUR TIME SPENT AS STUDENTS PASSES AT A RAPID RATE. WHERE DID THE TIME GO? IT SEEMS THAT WE HAD JUST ARRIVED, BUT NOW WE MUST MOVE ON WITH THE SUDDEN STARTLING RECOGNITION THAT IT IS OVER.
AFTER FINALLY GETTING ACCUSTOMED TO OUR LEARNING ENVIRONMENT, WE MUST SOON LEAVE. THE THREE YEARS SPENT HERE CAN PASS QUICKLY, ESPECIALLY WHEN VIEWED IN RETROSPECT. THE FEELINGS OF SECURITY WE MAY HAVE DEVELOPED WILL SOON GIVE WAY TO NEW FEELINGS OF WONDER AND CONFUSION AS WE TURN TO FACE THE FIRST OF THE MANY CHANGES THAT WE WILL ENCOUNTER AS ADULTS. YET, HOPEFULLY, OUR YEARS AT S.P.F.H.S. WILL HAVE BUILT A FOUNDATION SECURE ENOUGH FOR US TO FACE THESE CHANGES WITH A PROSPECT OF SUCCESS.
It must be magic... Sue and Pat forever.
