Crazy Friends provide Crazy times... And what crazy times we've had!
A real friend is someone who you can sit with in complete silence and still walk away feeling like you just had the best conversation of your life. A best friend is a sister that destiny forgot to give you. A friend is someone who knows the
song in your heart, and can sing it back to you when you have forgotten the words. True friendship is when two friends can walk in opposite directions yet remain side by side. If you live to be a hundred, I want to live to be a hundred minus one day, so I never have to live without you. I don't remember how we happened to meet each other.
"Yesterday brought the begin-
ing,
Tommorrow brings the end,
But somewhere in the middle,
We've become the best of
friends."

"For the strength to be
strong,
For the will to carry on...
For everything you do,
For everything that's true,
I turn to you."

"Life is so much
friendlier with
two."
"Like stars, they come and go, but the ones that stay are the ones that glow."

Best friends are the siblings we don't have.
"Promise you won't forget me, because if I thought you would, I'd never leave."

"A friend is one of the nicest things you can have and one of the best things you can be."

"Best friends are hard to find, difficult to leave, and impossible to forget."
I always knew I would look back on the times we cried and laughed, but I never thought I would look back on the times we laughed and cry.

I always knew I would look back on the times we cried and laugh, but I never thought I would look back on the times we laughed and cry.

I live for the nights I'll never remember with the friends I'll never forget.

One in a Million

By David E. Young

As time has progressed and submitted some wisdom,
I have learned to watch out when choosing a true friend.
Some have been tested and tried by the fire,
And passed through and won, to end up a liar.
Others fell out at the first change of wind.
And some still stood firm, but then started to bend.

If I had a million friends I call true,
Only one would stay through it; and that friend is you.
Surely you know you are one in a million.
I appreciate you, for you are more then a friend.
And though I know not what the future may bring,
I thank God for you now, for my one true friend being.
For reference
Not to be taken from the room.
